1<sup>st</sup> July 2021

Dear new Higher Physician Trainees in Geriatric Medicine,

On behalf of the SBGM, let me welcome you to the specialty training in Geriatric Medicine (subject to final approval by E&AC).

Geriatric Medicine is a subspecialty in Internal Medicine, as equivalent to Cardiology, Nephrology etc. The main difference is the emphasis on a holistic model with better understanding on altered homeostasis and patho-physiology in older persons with multiple pathologies. You are reminded to refer to the Guidelines on Postgraduate Training in Internal Medicine (6<sup>th</sup> Edition, July 2018), Part IV, Page 103-109 (Geriatric Medicine) on the training curriculum, and the specific modular requirements unique to Geriatric Medicine.

The College requires all HPTs to keep log with the training progress. As Geriatric Medicine training is on modular basis and that there are special procedural requirement, you are required to log in a special form specific for Geriatrics HPTs. Besides, as endorsed by the SBGM in previous meetings, all HPTs have to present at the joint SBGM-The Hong Kong Geriatrics Society Inter-Hospital Geriatrics Meeting at least once every 12-15 months, and to attend at least 50% of the meetings. We have attached important documents / forms that you require throughout the training. You may photocopy it freely or email me for e-copy as necessary.

**This file contains important documents that record your training. You will be personally responsible to keep the complete record of training logs as in this file. We recommend you to keep this for potential audit and at least till you are accredited as Trainer in Geriatric Medicine.**

The SBGM is keen to facilitate and maintain the high standard of training to our HPTs. Your trainer, Hospital Training Coordinator (HTC) and your Regional Program Director (RPD) are the most resourceful persons. You should approach them for advice in case you encounter any difficulty in your training. You are most welcome to provide feedback on the training program through your RPD or directly to me / Chairman of SBGM.

I look forward to meeting you at training activities.

Yours sincerely

Dr Stanley Tam  
Secretary, SBGM
